

Explorers Club

For kids entering
grades 3-6.

at the Hayward Library

10:30-11:30 a.m.

FREE!

Friday, August 4 — Explore the wetlands and forests behind the Hayward Library. Get wet and muddy as you search for frogs and water bugs, learn about wetlands, and have lots of fun!

Friday, August 11 — You'll capture nature in a new way—through the lens of a digital camera! Use the Museum's cameras or your own to take photos, then enter them in the Living Light Photo Contest to win prizes!

Friday, August 18 — Did you know that earthworms are not native to Wisconsin? Our forests are in danger from invasive earthworms who can change our northern landscape. The Explorers Club will partner with the Great Lakes Worm Watch to find out how many worms live behind the Hayward Library!

Friday, August 25 — Explore the wetlands and forests behind the Hayward Library. Observe how the critters have changed in just a few weeks. Get wet and muddy as you search for frogs, water bugs, learn about wetlands, and have lots of fun!

Brought to you through a
partnership between the
Cable Natural History Museum
friends of the library.
