

Explorers Club

For kids entering
grades 3-6.

10:30-11:30 a.m.

FREE!

at the Hayward Library

Friday, August 3: Explore the wetlands and forests behind the Hayward Library with a Museum Naturalist. Get wet and muddy as you search for frogs and water bugs, learn about wetlands, and have lots of fun!

Friday, August 10: Bee ready to discover more about some of our native bees! Learn about what makes bees an amazing insect and why they are so important for our survival. Work with a Museum Naturalist to construct solitary bee homes that will be used for real bees.

Friday, August 17: Explore the wetlands and forests behind the Hayward Library with Museum Naturalists. You'll capture nature in a new way—through the lens of a digital camera! Use the Museum's cameras or your own to take photos, then take a look at your finished work on a big screen!

Friday, August 24: Re-explore the wetlands and forests behind the Hayward Library with a Museum Naturalist. Get wet and muddy as you check on the changes that have happened with all the critters in just a few week!

Brought to you through a
partnership between the Cable
Natural History Museum
friends of the library.

Wear
clothes and
shoes that can
get wet!
